**RE: Release of the Final Draft of the State's Standard Terms and Conditions for
Information Technology Goods and Non-Project Information Technology
Services.**

The purpose of this Broadcast Bulletin is to announce the release of the Department of General Services, Procurement Division's (DGS/PD) final draft of the State's Standard Terms and Conditions for Information Technology Goods and Non-Project Information Technology Services. This final draft was created with the input received from the information technology vendor community as part of the Public Contract Code Section 12101.2 negotiations, as outlined in Broadcast Bulletin E-01-13. In August 2012, the State of California entered into negotiations with the vendor community for the repetitively used State terms and conditions that are contained in the State's model contract. Today, the State has released the Department's final draft, which includes many of the comments and requests for changes to the terms and conditions presented by the information technology vendor community. The final draft showing tracked changes can be found [here](#). The final draft without showing tracked changes can be found [here](#).

Those wishing to provide additional comments on the final draft of the State's Standard Terms and Conditions should contact Charles Deyoe by October 24, 2013 at :
